

MONTHLY HAZARDOUS WASTE GENERATION LOG

(Please copy one for each month of the year. Save one copy as the master.)

Keep Each Month on File

MONTH: _____ YEAR: _____

(1) Hazardous Wastes	(2) Quantity (lbs)	
Hazardous Waste Monthly Generation Total:		LBS
(3) Total Amount of Hazardous Waste Stored On Site:		LBS

- (1) Include all known hazardous wastes (i.e., waste paint, spent solvent, wastes determined to be hazardous based on process knowledge or TCLP testing).
- (2) You need to track the quantity of hazardous waste generated each month to document your hazardous waste generator category.
- (3) Report the total quantity of hazardous waste stored on site. If you are nearing your storage limits (VSQG = 2,200 lbs; SQG = 13,200 lbs) you should contact your hazardous waste management service provider to arrange for off-site disposal.

Hazardous Waste Generator Category	Monthly Hazardous Waste Generation Rate (lbs)	On-Site Hazardous Waste Accumulation Limit (lbs)
Very Small Quantity Generator (VSQG)	Less than 220	Less than 2,200
Small Quantity Generator (SQG)	220 - 2,200	2,200 - 13,200
Large Quantity Generator (LQG)	More than 2,200	More than 13,200
